Everything you need is in this well-planned model! The first floor has a spectacular kitchen with an efficient work triangle with the luxury of plentiful counter space, a deep pantry and separate cabinets, perfect for your china and crystal. The elegant dining room is just off the foyer, while the family room adjoins the breakfast area and kitchen for perfect everyday living space in the private rear area of the home. Upstairs, the huge Master Suite includes a sunny sitting area creating a perfect reading nook. Generous closet space and a double-vanity bath complete this retreat. Two secondary bedrooms share an additional full bathroom, with an option for an additional bedroom. The laundry room is convenient close to the bedrooms; making laundry day easy and efficient. The included Basement gives you extra room to expand now or later. Add a sunroom just behind the dinette to maximize your family's enjoyment in this great home.
